## **Frequently Asked Questions**

### **Are the menus on your website all you have to offer?**

No. These are only suggestions to help you in making your decisions. Our strong suit is custom designing menus that suit the individual needs and desires of our clients. Please feel free to give us a call with your specific ideas and we will be glad to design a menu that will accommodate your budget.

### **Why is it important I use a licensed & insured caterer instead of my friend's aunt who makes wonderful hors d'oeuvres and wedding cakes? Why do event facilities require me to use a licensed & insured caterer?**

This is to protect you, your guests, and the event facility. Licensed caterers prepare their food in commercial kitchens which are regularly inspected by State & Local Health Departments. The food is prepared by professional Chefs who are trained and Certified as to proper food preparation and sanitation. Insured caterers protect their clients against such things as food borne illnesses and protect the event facilities against worker compensation claims.
